Humble appeal of the Villagers of Kurady in Hanehalli Village of Udipi Taluk, S. Kanara and its neighbourhood.

Revered Sir,

We are extremely sorry to hear that the above order has been passed against K.V. Kalkura, Manage Shanthiniketha na, Kurady, Brahmavar P.O., S.Kanara for having run the "Shanthi Raffle", in aid of Shanthi-niketha na Higher Elementary School, Kurady, Brahmavar P.O., S.Kanara. In this connection, we beg to bring the following facts to your honour's charitable consider ation and immediate cancellation of the order of -- Prosecution.

A Sir, in consideration of the fact, that other raffles, such as Sri Vanivilas Vidhyasangha Raffle, Mijar, S.K., Panambur Raffle, S.K. Moolky High School Raffle, Surathkal Vidhyadhayani School Raffle, were and are being run in S.Kanara which will come to know by enquiry and as it was for the noble cause of education and that too for the upliftment (improvement) of a free educational institution of the most backward village of S.Kanara, the said Manager started the Raffle. It was conducted in the presence of public and respectable presidents like ex-presidents, M.L.A's etc. The profits have been well utilized for the extension of the site of the school, advancement of

of the requirements of the school and more than anything else for the instruction of the poor boys and Adi-Dravidas.

As to the improvements he did after the -- starting of the Raffle, we kindly request your honour to order the District Collector of South Kanara to see the school in person and satisfy himself.

In humble obedience to the orders of the District Collector, he closed the raffle in July 1938. Now the building of the School is half finished and all the activities of the school are at a standstill.

In consideration of the above facts, sir, we, on behalf of the school and the Manager, the most charitable, respectable and honest man of our rural area, beg of your Honour to pardon him on consideration of the fact that all were done honestly and for the cause of education and that too everything has been stopped since the orders from the Collector in July 1938.

We hope this appeal will find your most -- sympathetic considerations and most humbly request you to stop prosecution or order immediately for the withdrawal of the orders to that effect and thus help the noble cause of education that too of the rural areas.

Thanking Your Honour in anticipation, of an immediate favourable orders.

We beg to remain,

Respected Sir,

With reference to the above order we humbly beg to bring the following facts to your honour's generous consideration and crave for pardon.

The Shanthiniketana Higher Elementary School in aid of which the Shanthi Raffle was run was started in the year 1904 in the most uneducated and remotest corner of Udipi Taluk. In the year 1929 it was raised to the standard of an Higher Elementary School. The School had no funds and it was run on the strength of the Government yearly grant. As the School is in a remote village and as qualified teachers

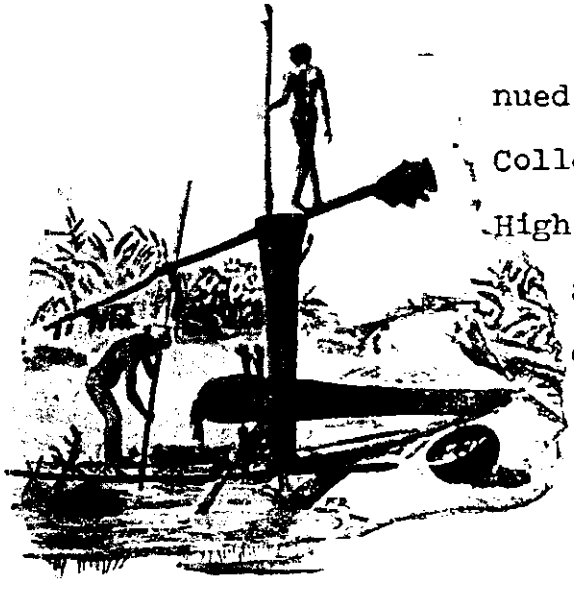
cannot be got from nearby, we have to pay extra and get teachers from far away. Further owing to the increase of the strength and enlargement of the industrial section (Spinning, Sewing etc.,) the present site of the school is found quite insufficient. The Government grant owing to lack of funds is not at all sufficient to run the school on up-to-date lines in a village like this, that too giving free education to all the classes and feeding the Adi Dravidas. Hence to meet the expenses of the growing institution we followed the footsteps of other schools and High Schools and started a Raffle. Owing to the Raffle Fund the library has been enlarged, equipment improved and a new building is under construction.



Since some ten years there have been continued Raffles in South Kanara like St. Aloysius' College Raffle, Canara High School Raffle, Moolky High School Raffle, Iddya Vidyadayini School Raffle, Surathkal P.O., Panambur Raffle, etc., the particulars and tickets of which are filed hereunder for your honour's perusal. Moreover there has

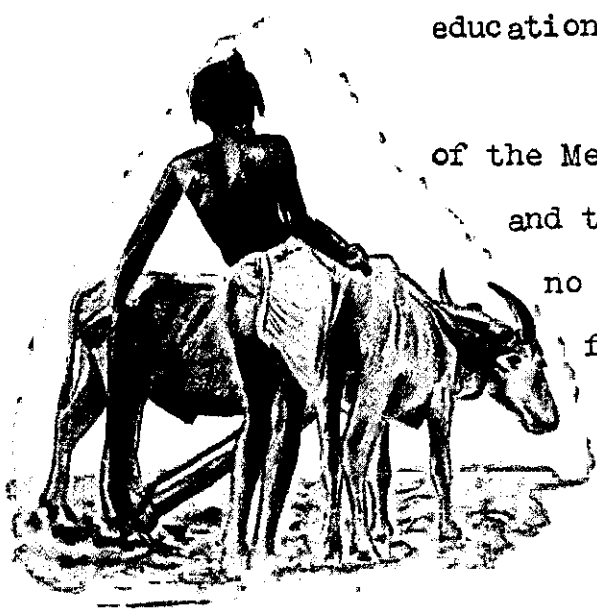
been a raffle drawn monthly started three months before that of ours run by Sri Vani Vilas Vidhya Sangha Raffle, Mijar, S.Kanara. Even now a Raffle is going on Vidya-dayini School, Surathkal, S.Kanara. Here, these Raffle Conductors are under the impression that if there is no fraud and that if the funds are utilised for public institutions, the Government would not bring to force the Section 294 A of I.P.C. The Moolky Raffle was conducted by the President of the District Board. All have been pardoned and we humbly beg of your honour to pardon us also who have followed the steps of other bigger schools and Colleges for the cause of rural education.

A



Further as may be seen from the Proceedings of the Meetings held on the respective drawing dates, and the Auditor's report filed hereunder, there was no fraud and everything was done to the best satisfaction of the public. The funds have been --- utilised for the all-round improvement of the

village school and we earnestly solicit your honour's kind visit to the School for the self satisfaction of your honour.

In humble obedience to the order of the -- Collector South Kanara, in July we have closed the Raffle. Hence Sir, now we beg of your esteemed honour to forget and forgive us as everything has been done in good faith for the cause of rural education.

Thanking your esteemed self in anticipation of pardon and consequent withdrawal of the above order, we remain ever grateful.

Mr. A.V.Kulkur ought to be congratulated for the scientific way in which he conducted the several drawings of the Santhi Raffle Fund up to July 1938 from August 1937, and also for the regular accounts that were maintained regarding the same. The profits of the Fund are being utilised solely for improving the finances of the local Higher Elementary School which is a great boon to the people of locality and the surrounding ~~(illegible)~~ neighbourhood.

The Raffle was drawn in quite a scientific method and there was no scope for any fraud or underhand dealing.

I am glad to state that every thing was above board and the prizes were announced as they were drawn. The management deserves to be congratulated with regard to the manner in which the raffle is conducted. The percentage of profit is small and the profit is utilised for the benefit of the institution which is conducted on sound lines and which is doing useful service and which serves the needs though to limited extent of about seven villages I hope that as the financial position of the institution improves it will enlarge its activities.

At the conclusion of the drawing **a Gold Medal** was awarded to Mr. Purushotam Ramchandra Baliga for having taken great interest in this Raffle which is in aid of the above institution and for having sold the highest number of tickets. On account of the absence of the said **Mr. B. P. R. Baliga** on account of unavoidable circumstances, the medal was handed over to the Manager for being delivered to him.

The manager announced that the Prize of Rs. 2/-for selling the largest number of tickets was won by Shantappa Ankle of Belgaum.

We beg to submit to your kind and generous considerations the following facts about the Shanthi Raffle in aid of Shanthinikethana School, Kuradi.

The School was started in 1904 in the most illeterate quarters of Udipi Taluq in South Canara. Owing to its attractions it was raised to the standard of an Higher Elementary School in 1929. In addition to the instructions in the curricular subjects, the school is imparting instructions in extr Curricular subjects like Hindi, Astrology etc. With the changing time we have also opened an Industrial section wherein we deal in spinning, weaving, carpentry etc. Owing to the increase of strength and activity the accommodation has been found quite insufficient as Your Honour may be pleased to note from the visitors' remarks filed hereunder.

Visited the school this morning. The school appears to be a well conducted one. The entriprising manager Mr. Kalkuraya pays his whole hearted at ention to the improvement of the school and seems to have spent a good deal to popularise the school in this interior village, close by a beautiful river is running in which the boys of the school are taught swimming and boating. The school possesses a museum, a library and etc. The boys conduct a manuscript magazine and run a stationery society, a debating society, a children's court and etc. Scouting, lazim and etc. are other extra cufricular activities. Some handicrafts necessary for the villages such as, basket making spinning, clay moulding, are also taught besides ~~swimming~~ sewing and typewriting to a few beginners. A new building for the school and a hostel for the boarding of boys coming from a distance are in the course of construction.

I visited this school to-day i.e. in 8-6-38 There were 94 pupils in school in 8 classes. I found the teachers and the managers very enthusiastic in conducting the school. They are not merely confined to the teaching of languages to the pupils, but also in teaching them to become good citizens by training them ~~xxxx~~ in handicraft, work, tailoring and spinning. I hope the authority responsible will be well advised to try Ghandi Wardha Scheme in this school as an experiment. I wish this institution every success

M a d r a s.

Sir,

Lottery - Shanthi Raffle, Kuradi -Prosecution of Messrs. Vasudeva Kalkura and H.R. Kamath.

Government endorsement No. 31667-D-1 dated 22nd September 1938.

The petitioners admit having started and run a raffl but they exrlain that they merely followed the example of certain other raffles started in this District to finance new educational endeavours. On the 12th June last, I pointed out to Sri Vasudeva Kalkura that the holding of the raffle ----- constituted an offence and advised him to stop it. What these petitioners did after I gave notice can be gathered from the report of the Dt. Superintendent of Police a copy of which I enclose. A perusal of the report would indicate that the petitioners have not acted well.

2. At the same time, it is true, that in South Kanara, almost a custom has grown of starting educational institutions with the help of money obtained from raffles. For example, I gather that the premier High School in Mangalore - the Canara High School, - ran raffles thrice, that the Ganapathi High School conducted one on similar lines and that the Bunt Hostel had a raffle and also that certain persons connected with the St. Aloysius' College conducted raffles to meet the educational expenses of poor people. Outside Mangalore one

was run at Mulki. This was intended to finance the construction of the High school buildings at the place and the promoters of that raffle had offered to place the funds at the disposal of the Dt. Board. The raffle at Panambur mentioned in the memorial was in aid of a Sanscrit school and that at Badagamijar was in aid of the Ashwathapura Vani Vilas School. One is still being conducted in spite of notice, in a place called Idya, again in aid of an educational institution. The authorities of this last venture have brought to my notice an order issued by Mr. Gawne which runs as follows:-

> "The applicant is informed that the Government do not sanction any lotteries but do not interfere with the raffle conducted for a public purpose, provided it is conducted without suspicion of fraud or unfair dealings"

3. So far as my enquiries go, the raffles conducted in Mangalore were all conducted on very sound lines; but there has been some talk questioning the conduct of the raffle at Mulki. The Police report shows that the conduct of the petitioners has not been what it ought to be; but until the accounts are actually produced and audited, it is not possible to pronounce judgment on their conduct. The petitioners have submitted a statement of accounts to me. I am submitting it in original. The total value of the tickets sold is Rs.47783-6-0. Out of this, they say that Rs. 28756/- have been paid as prizes. The net amount obtained for the benefit of the school is (Rs. 1865-12-7 + 2359-6-9) Rs. 4225-3-4 so that to secure Rs.4000/- there has been actual gambling in nearly Rs. 50000/-

b38 infra

4. It is obvious from the above that the practice should be stopped. The only question to decide in this case is whether the petitioners should be made an example of, by making them stand a criminal trial. That the Government have been endeavouring to put down raffles of all kinds is well-known to the public and it is also well-known that the petitioners have been faced with a criminal trial. I believe that this would give the necessary warning to the public that such raffles should not be run. In the circumstances, I would recommend that the prosecution may be dropped.

5. In paragraph 2 above, I mentioned the existence of a raffle at Iddya. In paragraph 4 of the report of the -------- Superintendent of Police mentioned above, he refers to this raffle. The parties have submitted a petition to me quoting Mr. Gawne's orders. I am informing them that Mr. Gawne's orders were issued before the Government laid down their policy in G.O.No. 993 Law (General), dated 20th March 1935, that wide publicity had been given to that Government order in the District and that, therefore, the continuance of the raffle would render them liable to prosecution.

6. The memorials with other papers received with the Government endorsement are herewith submitted.

7. As directed in Government Memo. No.35057-D-1 dated 15-10-38 the case against the promoters of the Kuradi raffle has been adjourned pending orders of the Government on the memorials.

Sir,

Ref: Your letter Ref.C1-3613-M/38, dated 28.9.1938.

Sub: Lottery - Shanti Raffle, Kurady - Prosecution of promoters - Withdrawal of sanction - Memorials - Remarks - Furnished.

*****

It is true that raffles or lotteries have been very common in this district; they were run ostensibly for the maintenance of educational or charitable institutions. They sprang up like mushrooms all over the district, but it cannot be said that the profits realized were all utilised for the purpose for which the lotteries were held or that proper account were maintained and audited in most cases.

2. As regards this Shanti Raffle, the District Magistrate in his order, dated 12.6.1938 pointed out to Accused 1, Vasudeva Kalkura that the holding of the lottery constituted an offence under Section 294 A I.P.C. and that he was liable for prosecution and advised him to stop the raffle forthwith. The accuse disobeyed the order and persisted in holding the lottery. The representation in the petition that the lottery was closed ----- immediately on receipt of the District Magistrate's orders is false. The 13th lottery of the series was actually drawn on 12.7.1938 and a prize list issued showing the successful numbers at the said drawing. But to disguise this fact, the list was published under the nomenclature of 'Shanti Service' instead of as 'Shanti Raffle'. Again fresh tickets were issued as 'Shanti

Receipts' and further drawings were advertised to come off on 12th August and the 12th of subsequent months. Printed pamphlets were issued giving an assurance to the public that the 'scheme' as the raffle was termed will be continued every month and will not be closed. Thus while replying falsely to the District Magistrate that the raffle was stopped as per his orders, the accused continued it changing the nomenclature and they actually sold the tickets and held monthly drawings on 12.7.1938 and 12.8.1938 and also issued lists of prize-winning numbers. I enclose a report of the Inspector of Police, Udipi Circle, (with its enclosures) which gives further details in the matter.

3. There is no record to show as to what amount was being collected every month and what amount was actually utilised for the school managed by the accused. The Udipi Inspector reports that a sum of about Rs.1500/- might have been spent so far towards the school but that the collections are surmised to have run into thousands every month. Though the Circle Inspector searched the house of the accused in connection with the case, no account books could be found. No auditing was ever done and no statements were even published as to how much money was being collected monthly, what the net profits were each month and how much of these were utilised for the school.

4. The allegation that there are several other lotteries being allowed to run in this district is also false. As reported already there were a number of them in the district, but vigorous action is being taken now by the Police to locate these, report their existence to the District Magistrate, and get orders served on the promoters to close them at once on pain of prosecution. Orders were served on all the four lottery organizers or promoters mentioned in the petition. Three of these have stopped their activities since July last and if they again take to it, report will be sent up for their prosecution. The fourth i.e., the Surathkal Vidyadayini School Raffle is, however, still

being run. On service of the District Magistrate's order on 11.10.1938 prohibiting the holding of the raffle, the promoter, Sri H. Damodar Rao gave the Inspector of Police, Mangalore Circle, a written statement to the effect that he has appealed to the District Magistrate for a reconsideration of the order and that he will abide by any further orders, the District Magistrate may issue on his appeal petition.

REPORT

On the working of the Shanthinikethana

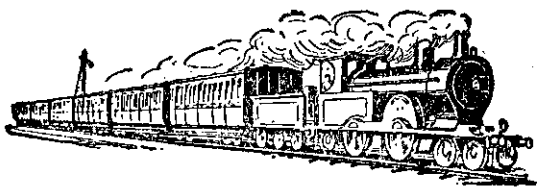
HIGHER ELEMENTARY SCHOOL,

KURADY. (S. Kanara.)

President Sir, Ladies and Gentlemen,

I have a great pleasure to place before the pleasurable audience of this pleasing afternoon the REPORT of the SHANTHINIKETHANA HIGHER ELEMENTARY SCHOOL. KURADY, not for the period ending last School year as you may have been expecting to hear, but for the period covering more than 9 years. It may look strange to most of you that 9 long years have been allowed to pass by without any School-Day Celebrations. If we have not conducted any School-Day Celebrations during this long period, it was not because we were indifferent to the benefits of such Celebrations, but because we were hesitating to tax the generous public of the surrounding places who have been sharing the after effects of the Great War and the world wide economic depression, and because we were having a number of other annual functions of educational importance. Thanks to the generous enthusiasm which brought up this function, the School-Day Celebration for the year 1938.

Coming to the report proper, I confess, the task I have set before me seems to be an ardorous one especially when I think of the long period to be covered, a period marked by vast changes and improvements in all directions. That I may give a brief account of the School, I propose to start from the very beginning rather than from the date of the last School-Day Celebration. Those who have been in touch with the origin and development, of the School, will kindly bear with me for tredding over the trodden ground.

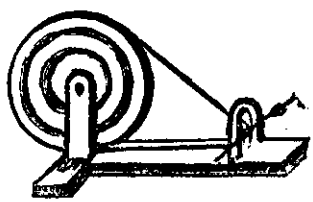


History:—The school was opened in the year 1904 by Parameshwara Kalkura, the Ex-manager of the school. Till 1924 it was only an Elementary school of three standards. Since then it became a fifth standard school. In the year 1929 on the day of the Grand Silver Jubilee Celebration, it was raised to the standard of a Higher Elementary school. More teachers were employed to meet the requirements of the growing institution. The building which was a small one, was extended by tinned pendals for want of fund for better sorts of permanent buildings. In 1932 a playground was purchased at a cost of nearly Rs. 300. With all its attractions and growth, in spite of its existence in the interior places of this taluk, where people knew not what education is, or what school going is, the

school has been able to attract pupils even from 7 or 8 miles off and has come to be known as protential centre of education in rural areas.

Staff:–To give an account of the changes on the staff during this long period would be tedious and uninteresting. At present there are 9 members on the staff, consisting of 2 Secondary Grade Trained, 4 Higher Grade Trained, One Secondary Untrained and 2 Higher Grade Untrained teachers. I may be permitted to state with pride that all the teachers are doing good work to the best of their abilities. The Kindergarten classes are handled by the Newly Trained Mistresses.

Work:–Besides attending to regular teaching work, the teachers have been trying their best to train the youngsters entrusted to their care by being with them as far as possible day and night. The school has been producing good results at the E. S. L. C. Examination and the percentage of results, if I may be pardoned for saying so, is better than that of the good schools in our range.



Extra Curricular Activities:–It has been our best ambition not only to produce good results in the inspection but also to give the fullest scope to each and every student to develop himself in to a useful citizen. With this

broader aspet of education before us, we have organised a number of extra—curricular activities, a brief account of which I propose to place before you.

1. The Students' Stationery Society:-Here, the students are trained to conduct business on Co-operative lines. Although the Head Master or one of his assistants delegated by him is nominally the president, finally responsible for its funds, students are left in the charge of sales department.

2. Children's Court:-With a view to awaken the sense of justice and fair play among the students, a children's court has been organised in the year 1938, and 12 cases have been filed during its short career and disposed off and the rest dismissed.

3. Debating Society:-Meetings are held every week, at which debates and discources are conducted mostly in Canarese and rarely in English also. The secretaries have been availing themselves of every possible opportunity to invite distinguished visitors as presidents.

4. Reading Room:-A fairly large number of papers and magazines are ordered for the reading room started this year.

5. Magazines:-Students with the staff have been editing and publishing a beautifully illustrated hand written Half-yearly magazine since 1932.

6. **Scouts**:-Campfire and excursions are conducted from time to time and classes are held to train the scouts once in a fortnight.

7. **Games**:-Students take keen interest in out-door exercises. Games are made compulsory except in the rainy months.

8. **Labour Union**:—Another item of extra-curricular activity which seems to be the special feature of the school is the manual labour union. As far as possible the digging and carrying the earth on their heads etc., needed for the school are done by the boys only. The union is responsible for levelling up of the playground to a great extent.

9. **Hostel**:—As remarked by an honourable visitor, this is the only Higher Elementary School in the range with a lodging managed and run by the boys themselves.

10. **Old Boys**:—On behalf of the ALMAMATER, I OFFER my hearty congratulations to all our old boys employed in different capacities in different places

Our Requirements:—Our requirements are many and varied. Want of accommodation for conducting our classes, have been our outstanding complaint. And by the help of the charitable public, we mean to remove the difficulty by constructing a building this year and I humbly

request the Reverend President of the day to lay the foundation stone for the new building of the school, which is also the foundation stone for the future prosperity of this institution in these interior places. We have been able this year, to add a large number of furnitures costing nearly Rs. 500 which cater to our needs. Our well is completed with a newly fitted pump all at a cost of nearly Rs. 700. In this connection I appeal to our old students to work for the greater glory of their Almamater. The foremost appeal is due to the parents of the students, who are, we can say, the pillars of any school, more so in the case of this school. Before concluding, I thank you for the patience with which you have listened to this long report.

K. K. Kalkur

Head Master.

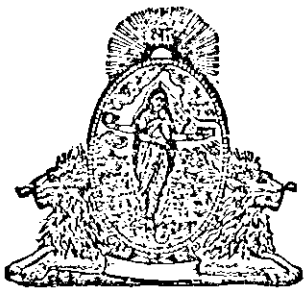
Then the Head Master Mr. K. K. Kalkur submitted a short and sweet REPORT on the working of SHANTINIKETHANA, KURADY.

This was followed by the Distribution of Prizes. Prize materials were of real cost and high value to the student who received the same at the hands of the Reverred President.

Then Mr. K. Shankernarayana Karanth B. A. B. L., a speaker from among the audience attempted his peroration which was followed by the speech of Mr. K. Sheshagiri Navada the Ex-Head master of the school. Then Mr. K. Gopal Rao B. A., L. T. presented his pleasing Lecture to the great pleasure of the audience present. Mr. U. Gopala Krishna Rao B. A, had his own opinions expressed before the gathering.

The chairman thereafter delivered an interesting and instructive speech.



"SPEECH OF MR. VARKEY"

"I must thank the management for having given this opportunity of presiding over this function. If I accepted the invitation it was for two reasons. In the first place to know the working of an Higher Elementary School of this type. Secondly to show my sympathy to an old student of mine who is also the Head Master of this school. There are some points in the report which I should like to touch upon. The Head Master said that several years have passed without a School-Day Celebration. Just as you have festivals in the temples every year it is better to have School-Day Celebrtions every year. If the Manager means to celebrate the School-Day in a grand scale like this, it cannot be done. I would advise the Manager to have the School-Day Celebration on a small scale at least every year.

From the report it strikes me that large attention is paid to extra-curricular activities. The pur-

pose of labour union to develop the generation is the essence of ancient system of education. That notion of meanness in the case of manual work must be driven away from our society. I appreciate the system to level the play-ground. That is the idea to advance the generation. Congress is doing some work in that direction.

As seen from the report there is want of accommodation for the Higher Elementary School. But I am glad to note that they are laying the foundation stone for the new building.

As the children of the villages are taught in the school, villagers have the right to help the Manager for the development of the school.

In prize giving I congratulate those that got four or five prizes. Observing the objects given there are two types, some books and some useful things. All the books are in Canarese Language. Fountain Pens and Pencils presented, sorry to note are all foreign. Unfortunately we have to depend upon our neighbour Japan for Pens as they are not manufactured in lots here. Good Pencils are manufactured in our Presidency and presenting some such pencils will give the boys an idea of the things prepared in India. I congratulate the Manager and the staff for their work. The two defects that I noted,

one is the percentage of absence of boys, second the constant changes of the staff. These may be due to first, to the indifference of the parents; second indifference of the manager. I request the manager and the staff to make propaganda in the viliages to increase the strenghth. I request the parents to make the best use of the education given to the boys. In this occasion I appeal to the parents to send the children regularly to the school. To see whether the teachers are attending regularly, whether the school is working in time are the points the parents have to look after wholly. It is not possible to any Government to appoint any number of Inspectors to see all the working of any school. The second defect is the constant changes in the staff. It may be due to the fact that the teachers find it difficult to stick up to the place because it is a little far away from all the road connections. It may be the fact that the manager have to pay a little more salary to secure the teachers permanently. If these two defects are changed, this institutioncan be developed into an ideal Higher Ele. School.

As time advances, as I have to leave the place. I cannot reply to the first speaker. But I assure him that the present Government will take steps to remedy the defects as far as possible. But I don't say that it is the perfect system of administration.

In conclusion I thank the authorities for having given me the details of the inner working of the institution. I would kindly request you all to wait for the variety entertainment that will be arranged just after laying of the foundation stone for a new building.

The chairman's speech was succeeded by a heartful vote of thanks by the Head-master and at the end Mr. Varkey proceeded to lay the foundation stone for the new building and left the pendal along with the D. E. O. and other Deputy Inspectors of Schools.

It was a pleasure to the parents to see the entertainments staged by their own pets with perfection to their great satisfaction. First one scene form the drama Yavadu Valledu was staged. Then they began Yakshagana a portion from the Krishna Sandhana. This item was followed by Comic Lecture wiche mptied the laughters of most of the audience. The conversation item by the boys of the 1st standard was much appreciated and was succeeded by Lazeem. The uniform dress and the rhythm of the Lazeems and the musical instruments attracted the eyes of all that were present and thus the audience were made to leave the pendals with ever and open eager eyes.

Mr. K. S. Karanth then distributed a few prizes to those who have fared well as actors and wished a great future to the institution in spite of its situation in a village, away from town.

The Head master ended the lectures of the day by his simple talks with the parents ond requested them to extend thier Co-operation to make his and his assistants day and night efforts in the school worthy and successful. He thanked the parents for having given himt he opportunity to see them all crowded together under the shade of the shining Shanthinikethana. The national song followed by many happy cheers ended the Grand School-Day Celebration of the Shanthinikethana, Kurady on May 3rd 1938 at about 10 P. M.

A BRIEF SURVEY

In the bygone days in the by-far villages where education as is understood at present was unknown or where a teacher in his own hut was regarded as a terror, the School Shanthiniketana as its present name goes raised from its Foundation, and attained the recognised name .Kurady Elementary School ten years before the Great War, i. e., in the year 1904. The school was then managed by Mr. Parameshwara Kalkura the brother of the present manager Mr. Seetharama Kalkura. The school was then in a descent thatched building which was washed off by the unhappy flood of 1924. Within a short time a new building, the existing one, tiled but small as it appears now, was raised in its present site under the casurina grove. Owing to its brightness in its own line, it attracted the pupils from all round and to increase its utility it was raised to be a Higher Elementary School on the day of its Silver Celebration in the year 1929.

Within a year all the three higher standards were recognised. Since then it has been the best attempt of the management to keep the school at a higher standard, situated as it is far away from towns. It is managed by Mr. K. Seetharama Kalkura, and the teachers take much interest in teaching the curricular subjects and extra-curricular subjects like Hindi, Palmistry etc. and preparing the boys for the E. S. L. C. examination at the end of the 8th standard. Extra-curricular activities have been the noteworthy feature of this school; facilities for all kinds of education is adequate.

But we have not yet received any encouragement sufficiently. In spite of this, as resolved, the Sangha will have the drawings continuously for at least one year and in this respect, we earnestly appeal to the generous public to extend to us their benevolence in making this a complete success and help us in the noble cause of education. The Sangha is conducting from the year 1921, a School imparting free education to the younger generation of the locality. It also transpires to run a free boarding and lodging house for the poor students. In view of this, we trust the public will come forward in patronising our deserving enterprise and make it a success.

P. C. SHESHAPPAYA
SECRETARY

GRAND VIDYADAYINEE RAFFLE

SURATHKAL, SOUTH KANARA.

Date 10—2—1936.

Dear Sir,

I on behalf of the Governing Body of the Hindu Vidyadayinee Sangha (an Association registered as per Socities Act of 1860) beg to lay before you the following particulars which will give you a fair idea of the true and active progress which the Iddya Vidyadayinee School (conducted by this Sangha) has made since its inception in 1916.

The speedy growth of this Higher Elementary School forced the organisers to construct spacious buildings at enormous expenditure. The management has at considerable trouble acquired an attractive site covering over an area of 5 acres and has erected thereon school buildings, a weaving house with 8 looms and charkas, a small house for the watchman and a hostel building. A greater portion of the site on the right and the front of the main building has been utilized for cocoanut and mango gardens. Besides there is an excellent playground for children to play on.

The management desires to make this institution an ideal one as a means of spreading true education in these rural areas, but is greatly hampered for wants of funds. It has so far invested about Rs. 40,000 for putting up the school buildings, and equipping them with the necessary furniture and apparatus and improving the school site. The work turned out by the school staff has won the high appreciation of the Inspecting Officers and the distinguished visitors. It is regrettable to note that such a promising institution has unfortunately to be run at a deficit and the heavy cuts in the Government grants have further increased the difficulties of the management in maintaining the school. Hence the management has, on the suggestions of the well-wishers of the institution, decided to float a raffle in order to establish a permanent fund to cope up with the necessary recuring and other immediate expenses of the school.

The Governing Body of the Sangha, therefore, requests your whole-hearted patronage and support in making this raffle a complete success and thus placing the school on a firm financial basis and enabling it to strive for the educational welfare of the rural public.

Trusting that this appeal will not be made in vain and soliciting the favour of a kind compliance,

Yours truly,

IDDYA KRISHNAYA,
Retired Pleader,
President: H. V. Sangha.

GOA LOTTERY

DETAILS OF THE LOTTERY

This is being conducted by two different associations namely "The Hospicio" and "The Santacasa" under the strict control of the Portuguese Government since 1851 and are the biggest lotteries in India.

Tickets are divided into five coupons bearing similar number & cost Rs. 5-4. each or Re. 1-1 for each coupon. About 1½ lakhs of Rupees is given away in prizes to about (5000) five thousand subscribers ranging from Rs 50,000 to Rs. 15, but during the Xmas & New year season the first prize is being increased to Rupees one lac.

Explanation of Prize Programme is as follows:—

The above 5000 prizes are of three kinds namely, (1) Prizes obtained by actual draw from the machine. (2) Sympathetic prizes & (3) allotted prizes. Under item (1), all prizes with the exception of those under items (2) & (3) are actually drawn by mechanical process and are therefore called regular drawn prizes. Item (2) prizes of Rs. 300–150 & 75 are allotted to numbers preceding & following the first second & third prizes. Therefore they are called "Sympathetic" prizes.— Item, (3) All numbers ending with the last digit of the first prize are allotted 15 Rupees prizes. These are called allotted prizes. Thus it will be seen that every tenth number is allotted a prize.

Points to be noted by subscribers.

(1) As all the tickets issued by the associations are sold to contractors and sellers for cash payment, there is no need for counterfoil nor money to be remitted after the sales, since the sale to the contractors on cash payment completes the transaction for the draw & makes all tickets eligible for the "Draw." Thus it will be found that unsold tickets can neither be returned to Goa nor accepted by them & the purchasers become the owner of loss or gain. Therefore tickets, if avail able at the time, can be sold up to the time the draw result is received by wire on the date of draw.

(2) We pay the prize money after deducting our commission at the rate of one anna per Rupee.

(3) As far as possible & practicable prize lists can be sent to mofussil constituents only if they send postage. City customers are requested to see the draw result in our office.

(4) Mofussil customers who send postage will be supplied with a copy of the Draw result within 15 days after the draw as far as possible due to short supply of the copies.

Visited the H.Ele.School of Honehalli village. The School is situated in a beautiful place and the open space is having a growth of casurina trees giving plenty of fresh air to the neighbourhood and during the hot weather children feel quite at home. Another particularity of this school is that it is the only one school in the taluk i.e.,having a boarding house and by this children are tempted to attend the school and spend time in the school itself.

I wish the school a long life.

During my tour in these parts I have had the opportunity of visiting this school. I had heard before as a model village. My visit has confirmed my previous impression. It is a fine example of what - a rural land-lord can achieve with influence and example for the upliftment of the masses. The boy of to-day being the man of tomorrow. It is admirable to note that the school is laying much stress on the importance of the boys developing a good physique. Some art and handicrafts on which the pupils can fall back in case of need are taught. The school is also well equipped with all articles intended to practically demonstrate the subject taught.

I am sure the school will achieve the ~~xxx~~ popularity and success it deserves.

It is however gratifying to note that extra curricular activities, such as scouting editing hand written magazine in Canarese have also been receiving attention in this school. Now that this -- school has as its Headmaster an Inter in Arts Trained who is also the son of the Manager, there is every reason to expect the school to grow from strength to strength, from year to year and also to its becoming a popular and potential centre in the very near -- future in contributing towards the increase of permanent literacy in this interior area of this Taluk. I felt highly pleased as soon as I stepped into the compound and it gave me still more pleasure to see the students and teachers working in perfect harmony in the classes. The School has perhaps very few equals in the District in affording to the students a great variety of subjects out of which they can easily select -- those which they like best. The students I am inclined to suppose very happily pick up interest in the subjects that they select and perhaps it may not be out of place to suggest that this may be the feeding school for at least some of the great men of the future generation. The manager's efforts in raising the standard of the school to a really a great ideal needs and must get I believe a very good support.

(C.No.36192 D) From Sri. K.V.Kalkura dated 19-10-38. p8 c/.

A.S.

Please see the further letter from Sri. Kalkura at pp 26-27 cf. He reports that he was called before the Sub Collector, Kundapur twice, viz. on the 8th and the 18th October and that the case is posted for hearing on the 1st of November 1938, and requests the Government to direct the stay of the proceedings, pending orders on his petition for the withdrawal of the prosecution. p26 c/. p22 c/.

2. Submitted that it will be observed from his previous petition on page 5 cf. that he was asked to appear before the Sub Collector on the 8th October but that on his own representation the case was posted for hearing on the 18th October, by the Sub Collector. Meanwhile he addressed the Govt. and they directed the D.M. South Kanara(in the memo. dated 15-10-38) to arrange that the case was adjourned pending the orders of the Government on the petitioner's request for the withdrawal of the prosecution. The D.M. will take the necessary action to stay further proceedings in the matter. No further action seems therefore necessary in this regard. p23 c/. p25 c/.

(A reply to the petitioner seems unnecessary at this stage.)

3. The D.M. may be requested to expedite his report called for in Endt.No.31667 D-1 dated 22-9-38. Draft submitted. p22 c/.

25.X.38.

(C.No.37294 D) From the D.M. South Kanara Ref.C1-3613-M-38 d/ 28.10.38

A.S.

Sanction was accorded in G.O.No.3793 Home dated 2-8-38 for the prosecution of Messrs. K.Vasudeva Kalkura and H.R.Kamath for an offence under section 294-A of the Indian Penal Code in respect of the Shanthi Raffle, Kurady, as it was reported by the D.M. South Kanara that the promoters continued the lottery in spite of the D.M' s orders on 12-6-38 to stop the transaction forthwith.

(As it was seen in that case that the raffle went on for a year without the D.M. getting any report about it, a general circular instruction was issued by the Government to all D.Ms and the Police department asking them to be more vigilant in the matter.)

2. Messrs. Kalkura and Kamath now request that the sanction accorded for their prosecution may be withdrawn on the grounds that (1) the lottery was conducted in good faith and for the upliftment of a free educational institution and (2) that other raffles such as Sri Vani Vilas Vidhyasanga, Moolki etc. were and are being run in South Kanara. A petn. from certain villagers of Kurady with the same request will be found at pages 1-2 cf. The report of the D.M. was called for on the petition and he was requested to make enquiries with reference to the statements

about certain other raffles and report to the Govt.

3. The report of the D.M. is at pages 32-34 cf. It is seen that in his order dated 12-6-38, the D.M. pointed out to Sri.Kalkura that the holding of the raffle constituted an offence and advised him to stop it forthwith. But the latter disobeyed the order and persisted in continuing the lottery. The D.M. issued another warning on 30-6-38. Again the 13th series of the raffle was drawn on 12-7-38 and a prize list also issued but only under the name 'Shanthi Series' instead of 'Shanthi Raffle'. Fresh tickets were again issued as 'Shanthi Receipts' and printed pamphlets were distributed giving an assurance to the public that the 'Scheme' as the raffle was termed, will be continued every month and will not be closed - Cf.'A' in the D.S.P's report on pp.35-36 cf. On the request for the withdrawal of the sanction for the prosecution accorded, please see the recommendation of the D.M. in para 4 of his letter. In the circumstances stated by him, the D.M. recommends that the prosecution may be dropped. For orders.

4. The policy of the Government in regard to lotteries is clearly laid down in G.O.No.993 L.G. dated 20-3-35. In that order the D.Ms and the Commissioner of Police, Madras have been directed to give wide publicity to the decision of the Govt. The 'Shanthi Raffle' in question (not authorized by the Govt.) was started long after the issue of the above said G.O. and the promoters have been carrying on even after the

repeated directions of the D.M. to wind it up.

Similar requests for withdrawal of the sanction accorded for the prosecution, have been negatived in the past -Cf. G.Os.No.2588 Home d/20-5-38 and No.3368 Home d/8-7-38. But in those cases the D.Ms. themselves did not recommend the withdrawal of the sanction accorded. Reference is ~~especially~~ invited to the notes at 'A' on page 16 of G.O.2588 Home /38 and the minutes of H.M.(C & P) on page 17 thereof. It was considered in that case that there was no reason to withdraw the sanction as the organizers carried on the lottery even after the direction of the D.M. to stop it immediately. For orders whether in the circumstances stated ~~above~~ the request for the withdrawal of the sanction accorded in this case will be considered.

5. As regards the other lotteries reported in the petition, the D.M. reports that in South Kanara almost a custom has grown of starting educational institutions with the help of money obtained from raffles and that some have actually been conducted. One is reported to be still going in a place called Iddya. But in that case the promoters are stated to have produced an order issued by Mr. Gawne as follows:

'The applicant is informed that the Govt. do not sanction any lotteries but do not interfere with the raffle conducted for a public purpose, provided it is conducted without suspicion of fraud or unfair dealings'

The D.M. has stated that he is informing the promoters that the orders of Mr. Gawne were issued before the issue of G.O.No.993 L.S. dated 20-3-35 and that the continuance of the raffle will render them liable to prosecution. Presumably the D.M. will submit a further report to the Govt. in respect of this lottery.

Notes from ? maybe read.

110 H

I do not think that the promoters of this Raffle deserve any consideration ~~in this case.~~

It may be that they started the raffle, following a custom prevalent in the District ~~xxx~~ hitherto, but on 12.6.38 they were informed by the D.M. that the holding of the draw in this raffle was an offence under Sec 294 A. I.P.C. and that they should stop the raffle forthwith. vide p 8 ante

In spite of this the raffle was drawn on 12.7.38 (13th series) and to hide the fact the name was changed to "Shanti Service" instead of "Shanti Raffle. Further drawings were advertised to come off on 12th Aug. and the 12th of subsequent months. Printed notices were issued assuring the public that the raffle would not be closed down. Series? p 36 ante

The promoters have deliberately flouted the orders of the D.M. and have continued committing an offence after it had been pointed out to them that they were liable under Sec. ~~xx~~ 294 A. I.P.C.

The fact that the raffle may be for a worthy object seems immaterial in this case : the promoters have lost any claim to consideration owing to their disregard of the D.M.'s orders ~~dated~~ dated the 12th June.

If the prosecution in this case is not proceeded with, it will be difficult to stop these raffles which are offences.

The ~~prosecut~~ prosecution may therefore proceed, and the petitions be dismissed.
